# Intensifying challenges

In the first six months of 2022, Schindler's business continued to be under pressure, particularly due to the slowdown of the Chinese economy, COVID-related lockdowns, persistent supply chain disruptions, and steep inflation. Order intake rose by 3.0% to CHF 6 227 million and revenue decreased by 2.4% to CHF 5 345 million, while operating profit dropped to CHF 403 million, corresponding to an EBIT margin of 7.5% (EBIT adjusted 8.7%). Net profit amounted to CHF 296 million, and cash flow from operating activities reached CHF 299 million.

"We continue to face a unique mix of challenges, unprecedented in their magnitude and complexity. The supply chain issues combined with the aggravated situation in China and sharply rising inflation have been weighing on our results in the first six months of the year," said Silvio Napoli, Schindler's Chairman and CEO. "The performance and profitability enhancing measures we have been accelerating since February are starting to yield benefits. Their full impact, however, will take time to flow through the execution of our growing order backlog."

#### Order intake and order backlog

Order intake rose by 3.0% to CHF 6 227 million in the first half of 2022 (previous year: CHF 6 043 million), corresponding to an increase of 4.0% in local currencies. The Americas and EMEA regions recorded positive growth, while Asia-Pacific suffered from the significant contraction of the Chinese new installations market. As a result, New Installations overall recorded a decline, which was offset by growth in Maintenance and by an uptake in Modernization and Repairs orders.

In the second quarter of 2022, the growth momentum receded, with order intake reaching CHF 3 063 million (second quarter of 2021: CHF 3 106 million), corresponding to a decline of 1.4%, or 0.6% in local currencies.

As of June 30, 2022, order backlog increased by 6.6% to CHF 10 257 million (previous year: CHF 9 623 million). In local currencies, the order backlog rose by 8.3%.

#### Revenue

In the first half of 2022, revenue reached CHF 5 345 million (previous year: CHF 5 475 million), for a drop of 2.4% (–1.5% in local currencies). The increase in the EMEA and Americas regions was offset by a decline in the Asia-Pacific region, where COVID-related lockdowns in China heavily affected the economy and supply chains.

In the second quarter of 2022, revenue decreased by 5.6% to CHF 2 713 million (previous year: CHF 2 873 million), corresponding to a drop of 4.6% in local currencies.

#### **Operating profit (EBIT)**

As a result of declining top-line growth, cost inflation, semiconductor shortage, supply chain issues, and restructuring costs, operating profit dropped in the first half to CHF 403 million (previous year: CHF 607 million). The EBIT margin reached 7.5% (previous year: 11.1%).

EBIT adjusted reached CHF 466 million with a margin of 8.7% (previous year: CHF 638 million; 11.7%).

In the second quarter of 2022, operating profit amounted to CHF 192 million (previous year: CHF 319 million). The EBIT margin was 7.1% (previous year: 11.1%). The adjusted EBIT margin reached 8.5% (previous year: 11.7%).

#### Net profit and cash flow from operating activities

Net profit totaled CHF 296 million (previous year: CHF 455 million) for the first half of 2022. Cash flow from operating activities reached CHF 299 million (previous year: CHF 721 million), due to lower operating profit and increased net working capital requirements.

#### **Changes to the Group Executive Committee**

Urs Scheidegger, CFO, will leave the Group Executive Committee to become Chief Risk Officer, effective September 1, 2022. In his new position he will report to the Supervisory and Strategy Committee.

He will be succeeded by Carla De Geyseleer, who will join the Group Executive Committee as CFO, effective September 1, 2022. Carla brings with her a wealth of international corporate finance experience in publicly listed companies. Most recently, she served as Volvo Cars Group CFO. Prior to that, Carla was CFO at Société Générale de Surveillance (SGS) and held various senior leadership positions in finance and controlling at Vodafone and DHL. Carla is a non-executive board member at Hilti and Polestar and a member of the advisory board of the University of Geneva.

Sabine Siméon-Aissaoui, responsible for Supply Chain, will step down from the Group Executive Committee, effective July 31, 2022, and leave the company.

As of September 1, 2022, the Group Executive Committee will be composed of the following members: Silvio Napoli (Chairman and CEO), Paolo Compagna (COO and Deputy CEO), Julio Arce (Europe South), Matteo Attrovio (CIO), Karl-Heinz Bauer (CTO), Carla De Geyseleer (CFO), Meinolf Pohle (Europe North), Robert Seakins (Asia-Pacific), Tobias B. Staehelin (Human Resources), and Daryoush Ziai (China and Escalators).

#### Commitment to 2040 net-zero greenhouse gas emissions

With the release of the 2021 Corporate Responsibility report in June, Schindler announced its commitment to reaching net-zero greenhouse gas emissions by 2040. This resolve was validated by the Science Based Targets initiative (SBTi), the global body that supports companies setting emissions reduction targets in line with the goals of the Paris Agreement. To date, Schindler is one of the very few companies that have committed to reach net-zero across the value chain by 2040, out of more than 3 300 companies that have committed to set themselves science-based targets.

The 2021 Corporate Responsibility report illustrates the many ways in which Schindler works with customers to help them meet their own climate targets and engages with other players in the construction and real estate ecosystem to drive meaningful change. Schindler's 2021 Corporate Responsibility report is the tenth published to date.

#### Outlook for 2022

Schindler anticipates the slowing growth momentum to continue. In addition, cost inflation, persistent foreign exchange pressure, construction site delays, and supply chain issues are expected to impact our business negatively. Assuming no further lockdowns and no other unexpected events, Schindler foresees revenue growth of –2% to +2% in local currencies and net profit between CHF 620 million and CHF 660 million for full year 2022.

# Notes to the consolidated interim financial statements

These are the consolidated interim financial statements as of June 30, 2022, of the Schindler Group ("Schindler" or "the Group"), which comprises Schindler Holding Ltd. and its subsidiaries. Schindler is one of the world's leading suppliers of elevators, escalators, and moving walks and offers mobility solutions across the entire life cycle of a unit – from planning and installation to maintenance and modernization. Schindler operates in more than 100 countries around the globe. The registered shares and participation certificates of Schindler Holding Ltd. are traded on the SIX Swiss Exchange.

The consolidated interim financial statements were approved for publication by the Board of Directors of Schindler Holding Ltd. on July 21, 2022. The consolidated interim financial statements are not audited.

#### **1** General information

#### 1.1 Basis of preparation

The consolidated interim financial statements as of June 30, 2022, are based on the International Financial Reporting Standards (IFRS) as issued by the IASB and have been prepared in condensed form in accordance with IAS 34 – Interim Financial Reporting. The same accounting principles have been applied as for the consolidated financial statements 2021. Therefore, these consolidated interim financial statements are to be read in conjunction with the consolidated financial statements for the year ended December 31, 2021.

Amendments in IFRS, effective as of January 1, 2022, did not have a material impact on the consolidated interim financial statements. The Group has not early adopted any standard or amendment that has been issued but is not yet effective.

The consolidated interim financial statements contain certain assumptions and estimates that influence the figures presented in this report. They are based on analyses and judgments that are continuously reviewed and adjusted if necessary. The actual results may differ from these assumptions and estimates. All significant assumptions and estimates remain unchanged compared to the consolidated financial statements as of December 31, 2021.

#### 1.2 Scope of consolidation

The consolidated interim financial statements are based on the interim financial statements of the individual Group companies controlled directly or indirectly by Schindler Holding Ltd.

In the first half of 2022 and 2021, the Group acquired the business activities or the shares of various smaller companies that sell, install, modernize, and maintain elevators and escalators. Viewed individually, the business combinations are not significant.

The impact of the business combinations on the Group's revenue and its operating profit for the first half of 2022 was not material and is not expected to be material for the full year 2022.

#### 1.3 Exchange rates

The exchange rates for the most significant foreign currencies are as follows:

|     |                   |                             | 2022  | 202   |   |  |

#### 2 Revenue

Revenue from customer contracts is recognized over time for new installations and modernizations, as well as for maintenance. Revenue for repairs is recognized at a point in time.

#### New installations and modernizations

New installations provide mobility solutions with elevators, escalators, and moving walks for all applications and needs, whereas modernizations offer solutions for existing installations. For both, control is transferred continuously to the customer from the start of the installation of the unit, as the work performed by the Group enhances an asset controlled by the customer.

Revenue is recognized over time based on the cost-to-cost method under which the accumulated costs to date are expressed as a percentage of the expected costs. Anticipated losses are recognized as onerous contract provisions. A performance obligation typically represents the installation or modernization of elevators, escalators, or moving walks.

#### Maintenance

Maintenance services are rendered for the full range of existing installations. Control transfers to the customer equally over the contract period based on the time elapsed. Maintenance revenue is recognized over the contract period as the service is provided, according to the agreed contractual terms and conditions.

#### Repairs

Repairs include a wide range of repair services for existing installations. For repairs, the customer benefits from the service and obtains control once the repair is completed. Revenue for repairs is recognized at the point of customer acceptance.

The Group recognized revenues from customer contracts in the respective regions in which it operates as follows:

|                |                                    |   | January to                    | o June 2022 |                                    |   | January t                     | o June 2021 |

#### **3 Segment reporting**

Internal financial reporting is submitted to the Supervisory and Strategy Committee acting as the Chief Operating Decision Maker. These financial reports form the basis for the evaluation of the segment's performance. The same accounting policies are used for both the internal financial reporting and the consolidated interim financial statements.

The Elevators & Escalators segment is managed as one global unit and comprises an integrated business that specializes in the production and installation of elevators and escalators, as well as the modernization, maintenance, and repair of existing installations.

Finance comprises the expenses of Schindler Holding Ltd. and BuildingMinds, as well as centrally managed financial assets and liabilities that have been entered into for Group investing and financing purposes.

#### 4 Dividends

On March 22, 2022, the Annual General Meeting of Schindler Holding Ltd. approved an ordinary dividend of CHF 4.00 per registered share and participation certificate (previous year: ordinary dividend of CHF 4.00). Subsequently, dividends in the amount of CHF 431 million were paid out on March 28, 2022.

#### 5 Fair values of financial instruments

Financial instruments measured at fair value are assigned to one of the following three hierarchy levels according to the input data available to measure them:
Level 1: Fair values are determined by using quoted prices in active markets. The fair values of listed equity instruments and bonds are determined using level 1 fair values.
Level 1: Fair values are determined by using quoted prices in active markets. The fair values of listed equity instruments and bonds are determined using level 1 fair values.
Level 3: Fair values are determined by using even the values.
Level 3: Fair values are determined by using even the values.
Level 4: Fair values are determined using level 4 fair values.
Level 5: Fair values are determined by using even the values.
Level 4: Fair values are determined by using even the values.
Level 5: Fair values are determined by using even the values.
Level 6: Fair values are determined by using even the values.
Level 7: Fair values are determined by using even the values.
Level 9: Fair values are determined by using even the values.
Level 9: Fair values are determined by using even the values.
Level 9: Fair values are determined by using even the values.

With the exception of the bond issued by the Group, the carrying amounts of all other financial instruments measured at amortized cost are reasonable approximations of their fair values.

As of June 30, 2022, the carrying amount of the 5-year bond tranche 2018–2023 with a coupon of 0.25% is CHF 400 million. The level 1 fair value amounts to CHF 397 million (December 31, 2021: carrying amount CHF 400 million and fair value CHF 404 million). As the bond will reach its maturity in June 2023, it was reclassified from non-current financial debts to current financial debts in June 2022. The bond is listed on the SIX Swiss Exchange.

The fair values of the financial instruments measured at fair value and the hierarchy level for their measurement are as follows:

|   | 3          | 80.06.2022 | :          | 31.12.2021 |
|---|------------|------------|------------|------------|
| In CHF million                                | Fair value | Level      | Fair value | Level      |
| Financial assets                              |            |            |            |            |
| Current financial assets                      | 53         | 1          | 54         | 1          |
| Derivatives                                   | 28         | 2          | 22         | 2          |
| Non-current financial assets                  | 61         | 1          | 61         | 1          |
| Financial instruments at FVPL                 | 142        |            | 137        |            |
| Non-current financial assets                  | 4          | 1          | 5          | 1          |
| Debt instruments at FVOCI with recycling      | 4          |            | 5          |            |
| Non-current financial assets                  | 175        | 1          | 201        | 1          |
| Non-current financial assets                  | 8          | 3          | 7          | 3          |
| Equity instruments at FVOCI without recycling | 183        |            | 208        |            |
| Financial liabilities                         |            |            |            |            |
| Derivatives                                   | 23         | 2          | 17         | 2          |
| Financial instruments at FVPL                 | 23         |            | 17         |            |

As of June 30, 2022, CHF 124 million of non-current equity instruments are represented by the level 1 fair value of the investment in Hyundai Elevator Co. Ltd. (December 31, 2021: CHF 201 million). Schindler's interest in this investment remains unchanged at 15.5% as of June 30, 2022.

There were no transfers between the different hierarchy levels during the reporting period, nor in the previous year.

The reconciliation of the level 3 fair values of non-current financial assets is as follows:

| In CHF million                       | 2022 | 2021 |
|--------------------------------------|------|------|
| January 1                            | 7    | 8    |
| Fair value changes recognized in OCI | 1    | -2   |
| June 30                              | 8    | 6    |

#### 6 Contingent liabilities

Contingent liabilities are described in the notes to the consolidated financial statements 2021. As of June 30, 2022, the total capital amount claimed jointly and severally from all the defendants involved in the competition law proceedings – in which Group companies are involved as defendants – is EUR 142 million. The Group companies in question consider the claims to be without merit.

Notes to the consolidated interim financial statements

## Other information

#### Non-GAAP measures

The key figures comprise certain non-GAAP measures, which are not defined by International Financial Reporting Standards (IFRS). The definition of these non-GAAP measures is available on the Group's website (group.schindler.com).
